

**Key Stage 3 HOUSE DAY**  
*(Celebrating EIC 25th Anniversary)*

This was another successful day in which all our KS3 students managed to work together. All students had the opportunity to compete with the aim of achieving the maximum number of housepoints for their house.

This year we were focusing on our Silver Jubilee Celebration and therefore all activities were linked to this theme.

The day started with a general knowledge quiz which covered different areas of the curriculum. In the afternoon, students, guided by their house captains, were rehearsing for the 'Talent Show' which had a mixture of music, drama and dance: What talent! This was followed by the design of an EIC logo and a 25th anniversary silver costume. To finish the day the students had the chance to show their magnificent fitness, taking part in different sports.

The team work and the consistent interaction between all students, regardless of their year group, was spectacular. The winner of the day was Goya which managed to collect a total of 560 housepoints.

Well done to all the houses!
