

What started as an idea from Dr Mike Sutcliffe, became an evening of incredible music performed by highly talented students and teachers from the school.

Our guest soloist, Arseni Kulakov, gave a wonderful performance of the Tchaikovsky Violin Concerto, and no-one who was privileged to be in the packed concert hall will ever forget that magnificent Kreisler encore.

The dramatic stage setting by Kate Jackson, Mr Griffin's continuous support and enthusiasm, the words of our compère David Dunckley, and the input of the Sixth Form students all contributed to make this event an evening we will all remember.

EIC has put down its marker as an invaluable part of the Marbella cultural scene!
