Under the sea  
Once upon a time there was a house in the sea. The children had a magic key. The key began to glow. The key took the children and me under the sea with Barnaby Bear. When I got there I turned into a mermaid. Barnaby Bear did too. A nice boat we saw went to the door. At the door I saw my friends. Next to my friends we saw treasure. Then me and my friends went on to the boat. In the boat I saw pirates. We ate then I went out of the boat. A shark came the shark bit us but the magic key began then I went back home.
