

Sixth Form Sport & Barbecues

As tradition dictates, the annual tennis tournament took place as usual at El Casco sports club at the end of the Spring term. Staff and Sixth Form teams, after hurried practice, declared themselves 'fit' to cross rackets for the ninth consecutive year. Team members of both sides, anxious to show their prowess, fought hard to win important match points as captured by our 'on the spot' photographer. Yet again, the staff defeated the Sixth Form with serves so ably demonstrated by Miss Knight and Mr Foley with Karim making an admirable 'cross court' return. Nevertheless, despite their noble efforts, the Sixth Form will have to reappraise their tactics and techniques if they are to be triumphant next year!

Volleyball always features heavily in the annual Welcoming BBQ in September as well as providing an alternative to the 'would be' Federers and Mauresmos of the tennis tournament. Both Sixth Form and staff had assessed each others 'set play' pieces, so much so that teams had to be integrated and it is difficult to know who won! In this particular instance it is obviously the taking part that counts even if your training consists of juggling oranges!
