

VISIT Fuengirola Beach

To Aunt Lisa
We love it here in Marbella beach. The weather is lovely and warm but it is annoying when the tiny birds go twit twit and the frogs croak but its ok. Right now I am on a boat in Gibraltar righting this we just saw a dolphin and a whale. We are staying in a massive golden fantastic hotel it only cost 2 euros. Well I just wanted to say my dad's ice cream factory exploded from Beiras.
